EVENT & BREAK-OUT ROOMS OVERVIEW

Go back to
the overview

In the midst flows a river... a source of inspiration for the event.

The Riverside is an original and unique room that enhances your receptions, exhibitions, and cocktails like nowhere else. With state-of-the-art technical equipment and a projector, the Riverside is also suitable for seminars for up to 300 people.

A raw and beautiful space where the perspective stretches beneath a sky of glass and metal, like a response to the transparency of the water...

Enchanting venue with riverside magic, equipped with technical facilities, 6 break-out rooms, 'reveal' for cars possible, and convenient loading/unloading access.

RIVERSIDE

[Go back to the overview](#)

The Grand Hall has an undeniable charm when daylight fills the walls of this beautiful industrial space. Its elongated configuration makes it an exceptional venue for your gala dinners, fashion shows, or trade exhibitions.

Adjacent to the Auditorium, the Studio and Aquarium, its layout allows you to take ad-

vantage of the complementarity of the rooms and ensures easy flow for your guests between them.

Versatile space with high ceilings, adjustable natural light, and the added advantage of 'reveal' car access, along with convenient loading/unloading access.

GRAND HALL

Go back to
the overview

The Auditorium is a conference hall ready for all debates. The telescopic bleachers with 415 seats can easily be complemented by a ground-level seating area, reaching a total capacity of nearly 900 seats, making it the preferred conference room for idea exchanges and symposiums.

With the added advantages of retractable bleachers, fully equipped technical facilities, air conditioning, and excellent acoustics, the space seamlessly transforms into a versatile black box.

AUDITORIUM

Go back to
the overview

Are you in search of a bright area for a break between conferences or to organize a breakfast, lunch, or dinner in an original setting? Look no further than our Restaurant. Create diverse atmospheres by playing creatively with the volumes of the Restaurant and the Mezzanine, which opens onto a sunny 225m² rooftop terrace. This space

has been designed to provide a moment of calm and relaxation for your speakers and clients – a well-deserved break.

Enjoy the added advantages of a fully equipped technical facility, natural daylight, and an ideal networking space.

RESTAURANT MEZZANINE & TERRACE

Go back to
the overview

The Studio is an ideal space for workshops and small seminars accommodating 50 to 250 people. With its cyclorama ('infinite' wall) and two walls featuring a black box, the studio is perfect for presenting visual and auditory animations or organizing photoshoots and film shoots.

The room is fully equipped with technical facilities, air conditioning, and convenient loading/unloading access.

Similar to the Studio, the Aquarium is perfect for small seminars and workshops for 50 to 150 people. Fully equipped, this versatile black box can easily accommodate your business or private event or serve as an exclusive 'final touch' complementing other spaces. Naturally, you'll feel right at home, just like a fish in the water...

With a central location and technical facilities, it adds a touch of flexibility to your event.
